

Robot's utterance	HELP ME !!!!! Error occurred
Participant's utterance	why the error has occurred?
Participant's action	The participant presses the continue button.
Robot's utterance	HELP ME !!!!! Error , I am unable to reach the item on the table, because it is outside my camera vision. please move cube outside the black square into square.
Participant's action	The participant takes a regular cube from the work area and places it outside the work area.
Participant's action	The participant takes the same regular cube and places it back inside the work area.
asked experimenter	Do I need to do what is written for me?
Participant's utterance	why the error has occurred?
Participant's action	The participant presses the continue button
Robot's utterance	HELP ME !!!!! Error , I am unable to reach the item on the table, because it is outside my camera vision. please move cube outside the black square into square.
asked experimenter	The robot tells me to move the cube out and then return it back
Notes	The participant did not understand from the message that it referred to the cube outside of the work area. Instead, he thought he needed to move a cube from inside the work area and then place it back. I clarified that it referred to the cubes outside of the work area.
Participant's action	The participant takes the 'Error two' cube and places it inside the work area, replacing a regular cube that he takes out.
Participant's action	The participant presses the continue button
Robot's action	The robot picks up the 'Error two' cube from the work area and places it on the shelf
Robot's action	The robot picks up a regular cube from the work area and places it on the shelf
Robot's action	The robot picks up a regular cube from the work area and places it on the shelf
Robot's action	The robot picks up the 'Error one' cube and puts it back down
Robot's utterance	Error, I am unable to put the item on shelf
Participant's utterance	why the error has occurred?
Participant's action	The participant presses the continue button.
Robot's utterance	Error, I am unable to put the item on shelf
Participant's utterance	how can i help you?
Participant's action	The participant presses the continue button.
asked experimenter	can i ask him only these questions?

Robot's action

The robot picks up the 'Error one' cube and removes it from the work area.

Notes

The experiment ended, and the robot places the remaining cubes on the shelf.
